3-Day Festival Featuring Soil Products Open

Gates at Bay Meadows Will Open Today At 10 O'clock

Gates at Bay Meadows race-track at San Mateo (Beresford district) swing wide today to open the 3-day San Mateo County Floral and Garden Products Fiesta. The gates will open at 10 a. m. and daily programs will extend until 10:30 p. m.

General admission for the daily programs will be 50 cents, with children under 12, 10, and youngsters from 12 to 18, 25 cents.

FLOWERS MAIN FEATURE

While the floral exhibit, pointing attention to the $8,000,000 annual cut flower industry, will be the main feature, the garden products display, showing San Mateo county's annual $5,000,000 output, will hold second interest. The rare bird and fish exhibit will be another feature expected to attract unusual attention.

Martin Poss, San Mateo, heads the floral exhibit; Max Leonard, Redwood City, the agricultural display, and Mrs. F. M. Perkins, Redwood City, the aquarium exhibit.

McKinley Elementary School will be the only grammar school in the county to have an art exhibit at the fiesta.

Features of the art exhibit will be a shield, emblem of the intermediate school's council, carried out in a mosaic of yellow and white flowers. This has been prepared by the seventh grade.

The eighth grade has prepared a miniature desert garden with a model hut, tiny pebbled paths and a small scale landscape of cactus and dry desert brush.

In charge of the exhibit is Mrs. E. S. Faure of the faculty.

McKinley will also furnish flag and banner bearers for the fiesta parade Saturday. Bearing the flags, and in Scout uniform, will be Harvey Miesse and Jack Galvin. Guards will be Philip Ficer and Harold Whitmore. Banner bearers will be Satoru Yamada, Severina Cellotti and Charles Juul and Jerry Foster.

HUGE PARADE SATURDAY

A huge parade with thousands of school children in costume, flower decorated floats and many other picturesque features will be staged Saturday afternoon under Dave McCullough's direction, with Miss Pansy Abbott and Miss Dorothy Jones in charge of school participation.

Scout units from all sections of the county will march in the grand parade. Under the direction of Scout Commissioner Victor Morgan of Woodside the well drilled troops of scouts will form their own division.

All scouts are to meet with their leaders and troop colors on the southeastern side of Bay Meadows at McClellan street near West Curtis street. The time is set for 1:30 p.m.

TO PRESENT PAGEANT

A floral pageant written and directed by Fred Carlyle with musical arrangements by Lieut. C. V. Jones, will be staged each night. Miss Charlotte Rider of Redwood City is assisting.

A massed choral of men's and women's voices from the San Mateo Junior College will create the musical background for the pageant. Lieut. C. V. Jones, U. S. A., retired, has arranged the music and will lead the orchestra.

Percy Hutchings, baritone and Dorothy Duryea, soprano, will sing the solo parts and Bettina Norberg will dance a solo number.

Cooking Class To Be Opened On October 22

Hester Heath to Again Conduct Kitchen Course Here

The Victual Cry of Freedom! To the tired cook—that's what The Tribune Happy Kitchen Culinary Classes, which will be conducted by Miss Hester Heath for the housewrives of Redwood City soon, will mean—a new emancipation from drudgery and doldrums in keeping with modern living and modern methods.

MISS HESTER HEATH

Every housewife should attend these programs designed to heighten mealtime pleasure for the housewife who does all of her own work—and lengthen pre-meal leisure. Things have been happening in the realm of cookery. Menus of today put those of yesterday to limpid shame. Modern methods make cooking and housework an interesting interlude—not an arduous, 24-hour job.

"There's happiness ahead for the housewife who has learned to take advantage of the practical helps offered her on every side," said Miss Heath. "Imagine the house wife of yesterday spending all day away from home without dashing home in a frenzy to prepare a hurried, haphazard meal. No need of that today when food can be made ready for cooking early in the morning—and then forgotten until it is ready to be served. Imagine the delight of arriving home to find dinner all prepared."

Cooking school dates will be October 22, 23, 24 and 25, from 2 to 4 p. m. in the McKinley School Auditorium.

County Press Group Meets on Coastside

The San Mateo County Press Association held its regular monthly meeting at the Half Moon Bay Inn on Monday, George Dunn, publisher of the Half Moon Bay Review, was host to the newspaper men and wives.

Plans for Newspaper week, to be observed October 14 to 20, were outlined by Edwin Wilder of the California Newspaper Publishers Association. Wilder also spoke on recent legislation affecting the newspaper industry. Following the dinner the publishers and wives were guests of the Half Moon Bay Lions Club at a dance.

The publishers will meet next month in Burlingame with A. B. Cargill, publisher of the Burlingame Advance Star and president of the association, acting as host.

Cancellation Saves Life of R. C. Man

A last minute cancellation of a reservation to fly to Cheyenne, Wyo., saved the life of Jack Fisher of Redwood City. Fisher had booked passage on the ill-fated plane which crashed early Monday morning near Cheyenne, but changed his mind at the last minute and cancelled the reservation just before the big ship took off from Mills Field.

He was to have visited his sister, Mrs. W. W. Whitlow, and his son, Jack Jr., in Wyoming. A hastily sent telegram to the relatives when news of the crash reached the coast set at rest their fears that Fisher had perished with the 12 occupants of the air liner.

ROLLIN PREPARES SETS FOR PLAY

Stanley D. Rollin, stagecraft instructor at Sequoia high school, is hard at work on sets for "Whistling in the Dark," melodrama to be presented October 18 by the Sequoia Players at the school auditorium.

One of the outstanding sets of play will represent the luxurious hide-out quarters of a group of gangsters. All colors will harmonize in the clothes worn by actors, the sets and in the lighting effects.

Members of the cast are being put through rigid rehearsals.

The cast, now complete, includes Russell Newman, as Wallace Porter, the unfortunate victim in the play; George McCarron, Joe Maxwell, Robert Bettencourt, Haskell Nash, members of the gang; Charlotte Morisette, Wallace Porter's fiancee; Adelene Bowman, Maureen Walsh, Arthur Lyon and Lloyd Martin.

All-School Fete Opens 'Pep Week' At Sequoia High

With Ernie Trantow, head yell leader, as master of ceremonies, Sequoia on Tuesday in front of the main high school building held an all-school broadcast that was a feature of the "pep" week now going on to stimulate enthusiasm in sportsmanship and the schools' teams before they enter peninsula athletic league competition at the end of this week.

Among numbers on the program were: Connie Varneck, "Pardon My Southern Accent," accompanied by Winifred Hennessy; Le Roy Lawrence, an imitation of Joe E. Brown; Dick Russell, singing "Hand Me Down My Walking Cane;" Charles Wood and Gladys Liddicoat, singing and playing "Dedication;" Winifred Hennessy and Alice Mansfield, singing and playing "East of the Sun, West of the Moon;" short talk on water polo by James Eva; Malcolm Waite, singing "So Nice Seeing You Again," accompanied by Alice Mansfield; Lawrence and Brown, harmonic duet; Melvina Abbott, tap dance; Dick Russell, singing "Trail to Texas," composed by himself; Bill Birmele and Dave Ingram, tuba duet, "Turkey in the Straw;" Trantow and Hilton Gibson, announcers, a tuba duet, "Soon;" Russell singing "The Little Girl Dressed in Blue."

At present a slogan contest is being carried on at the school. For the best slogan for the year a Sequoia pennant will be awarded to both a boys' and girls' advisory at the rally Thursday which will climax the week's program. Bobbie Grayson, Stanford all-American fullback, is to be the principal speaker.

Over 50-day Term Driver Chooses Fine

George Oliver chose Monday to pay $100 fine instead of serving the 50-day term in the county jail to which he had been sentenced by Judge Richard E. O'Farrell of San Mateo for reckless driving and driving more consecutive hours than permitted by state law.

Depot Acreage Urged for Use As Parking Lot

Council Feels Railway Getting By Cheaply On Assessments

Use of the Southern Pacific property in the heart of the Upper Broadway district for parking purposes to relieve the present lack of adequate facilities for store patrons was revived at the city council meeting Monday night.

Another suggestion also advanced was that merchants lease some of the Perry street property and make it available for parking.

As a first step in the council plan to bring the Southern Pacific property into more valuable use, the board directed City Attorney Albert Mansfield to study a proposal that this midtown holding be assessed as business property.

NOT PAYING ENOUGH

In the opinion of City Councilman Evans Fletcher, this property is too valuable to be assessed as acreage and to lie idle. The council directed that a study be made to see how Southern Pacific assessments compare with those paid by other property owners.

City Councilman Paul McCarthy brought up the proposal, previously advanced, that the curb be broken and that egress and ingress to the property from Montgomery street be provided.

City Manager E. A. Rolison also discussed a plan for placing a culvert across the narrow ditch on the property and giving an opening to James street.

These two steps, in the council view, would greatly relieve the traffic hazards created during the early evening arrival of trains by taking many of the cars off Broadway.

AFRAID OF PRECEDENT

Fletcher suggested that the council cooperate with the merchants in improving the proposed Perry street acquisition as a parking area. He urged the use of city machinery to reduce the cost.

Councilman McCarthy doubted the wisdom of setting such a precedent for use of city machinery, but did suggest that if the council could acquire the Southern Pacific so-called "park" under a lease that it would be proper for the city to improve it for parking uses.

The board seemed in agreement that the Southern Pacific holding was not carrying its share of the tax load and that the unsightliness of the property should be corrected. The board particularly is anxious to know how the Southern Pacific assessments fronting on El Camino Real below James street compare with what surrounding property owners are paying.

The railroad assessment, City Attorney Albert Mansfield revealed, is set by the State Board of Equalization. He was directed to learn the exact value of the assessment and its market value.

No action was taken on the Perry street proposal for the present, although the council recognized that the parking situation will be aggravated by the use of the Perry-Broadway corner by Shell Oil for its new station.

$2,000 MORE VOTED TO UTILITY SURVEY

Two thousand dollars additional to finance the California Railroad Commission's study of the value of the Pacific Gas and Electric Company electrical distribution facilities here was voted by the city council Monday night.

This will bring to $5,000 the fund raised by the city for this purpose. The council hopes that this will be the last request, although the estimate of the commission put the cost at $5,800.

The additional fund was voted upon motion of Councilman Paul McCarthy, seconded by Councilman Robert Jones, with Councilman Evans Fletcher offering the only "no" vote.

Purpose of the survey is to determine the price which Redwood City would pay if it acquired the electrical distribution system.

HIGHER WAGE SCALE HITS WOODSIDE DITCH

Boost in pay on WPA relief projects threatens to block the completion within the city limits of the Woodside road ditch elimination, City Manager E. A. Rolison informed the council Monday night.

The board agreed to accept responsibility for $600 additional expense to complete the unit extending to El Camino Real, so that the ditch will be eliminated from the state highway to the Washington School.

The council also agreed to do as much of the Murray Court to Horgan ranch unit as possible with funds on hand. If efforts to establish union scale wages on the project succeed, the council will be forced through lack of funds to complete the project.

PULGAS LINE SEWER EASEMENT SOUGHT

City Attorney Albert Mansfield was instructed to secure, if possible, the desired 10-foot easement on the General Petroleum Corporation's Bayshore property for the Pulgas storm sewer project. The city already has a six-foot easement acquired in 1893 when the original sewers were laid.

The question was brought up by letter of General Petroleum stating that records failed to disclose the easement claimed by City Building Inspector Drathman. He had held up the permit for the new service station until the matter is settled.

WAGGONERS DIVORCED

Extraordinarily sudden action marked the divorce in Redwood city of Katherine H. Waggoner from Norman L. Waggoner, president of a San Francisco food products firm. She was granted $500 monthly alimony. The complaint was based on the ground of extreme cruelty. Custody of two minor children, Norman L. Jr., 14, and William, 13, was not asked in Mrs. Waggoner's complaint. Mrs. Waggoner was secretary to the company which her former husband heads. Their home was at 641 Crescent avenue, San Mateo.

Products Shown Here Under Relief Map

Piled just above Minerva's head on the great mosaic seal on the floor beneath the dome of the county courthouse Monday was a pile of vegetables that served as foreground for a colored map of the peninsula and bay region and was flanked by two vases of chrysanthemums.

The display, arranged by William McCarthy, county publicity director, was to remind visitors to the courthouse of the varied products of the county and of the floral and products fiesta to be held Friday, Saturday and Sunday at Bay Meadows race track.

Gathered on the north and coastside, huge red and green cabbages, zucchini, brochlia, pumpkins, artichokes, cauliflower, corn, potatoes and squash featured the vegetarian display.

Navy Taking Helium East to Lakehurst

SUNNYVALE Oct. 7.—All available helium shipping tanks of the United States navy are now en route to Sunnyvale to pick up 1,000,000 of the 2,600,000 cubic feet of helium stored there, Commander A. T. Clay, skipper of Moffet Field, announced today.

The filled tanks will be transferred to Lakehurst, N. J., as part of the navy's plans to house most of its lighter-than-air equipment at the eastern base. Thus far little clarity has filtered through the confusion surrounding the actual exchange of jurisdictions which has been definitely set for October 5, Commander Clay said today.

BLAZE DAMAGES HOUSE

Estimated $200 damage was done to a small cottage in the rear of George Solaris' house at Heller and Manzanita streets in a fire which yesterday morning gave the city fire department an hours' work. The roof was ablaze when the firemen arrived.

SAFETY PLAN FOR AIRPORTS GETS SUPPORT

Crosby and Kellogg Urge Power Line Pole Removal

Hope that the campaign to remove high tension wires from Mills Field and Redwood City airports will prove successful was expressed today by Coroner William Crosby and County Executive Walter Kellogg.

A grim reminder of the death that lurks in the power lines fringing the airports was made by Coroner Crosby.

"Less than a year ago two army flyers crashed and were burned to death in an accident directly traceable to high-tension wires. Lieut. William Reeves (son of Admiral Joseph M. Reeves, U. S. N.) and his flight mechanic, Noel Peterson, were trying to find Mills Field.

SEEMED TO EXPLODE

"It was foggy. They were flying low over the Bayshore highway when they hit a high tension wire. I remember one witness saying, "the plane just seemed to explode when it hit the pole." They were burned horribly.

"When I think," Crosby said, "that those wires are the same that less than two miles away from that tragedy's scene approach Mills Field, the wisdom of this campaign is brought home to me. These hazards must be eliminated."

Kellogg added his endorsement to the movement, saying:

"I wish something could be done at the Redwood City airport, and at Mills Field. This movement is a step in the right direction. For the safety of air travel such action seems imperative," Kellogg said.

QUINN HEARING RESET

Hearing of the hit-run, driving while intoxicated charges against Leo Quinn of Menlo Park were today put over by Justice of the Peace Edward McAuliffe to October 16.

ARNOLD PAY IS BLOCKED BY AUDITOR

Filbert, Stack Aide, Says No Authority Exists for Debt

Acting County Auditor George Filbert "hasn't the slightest intention" of paying Inspector H. W. Arnold (Lobitos bridge project) his $290 salary of which payment was ordered Monday by the supervisors who transferred the sum from the unbudgeted reserve to the general fund for this purpose.

Filbert said, "I'd put myself in an awful hole if I did."

And he backs up this statement with reference to Section 3714 of the political code which states definitely that a four-fifth's vote of the board is necessary to pass on "emergency expenditures," such as Arnold's salary.

The emergency ordinance was voted by Supervisors Albert Witt Jr., Walter High and Manuel.

By the same three-fifths vote the money yesterday was transferred from the unbudgeted reserve to the general fund. The political code states clearly that a four-fifths vote of the supervisors is necessary for such an action, Filbert said.

The $290 covers Arnold's salary for 29 days at $10 per day. County Engineer Carl R. Scott has consistently refused to honor Arnold's pay warrant.

Curiously enough, Filbert declares that although he has received a copy of the ordinance ordering him to pay Arnold, he as yet has had no official notification of Arnold's appointment to the position.

When Filbert made the statement he was not going to pay Arnold, he pointed to the political code book on his desk. "I would be personally liable for the money if I paid him," he said.

District Attorney Gilbert Ferrell when informed of the matter refused comment but noted the number of the section of the political code and said he would look up the law.

Bowes Will Attend Fiesta 'In Spirit'

"I'll be there in the spirit—"

That was the comment of Major Bowes of San Francisco, famous New York radio star, in his broadcast Sunday afternoon on receiving an invitation to attend the San Mateo County Fall Fiesta to open Friday at San Mateo.

Bowes was sent a bouquet of chrysanthemums by plane from San Mateo county Saturday. In referring to them at his broadcast, he said:

"These beautiful chrysanthemums came from San Mateo county, in California, and are a forerunner of the annual fiesta about to be held there. I'll be there in the spirit with all my friends."

Toastmasters Hear War Prevention Plan

War and its prevention, occupying the center of attention of the world today, occupied two speakers Monday evening at the weekly meeting of the Toastmasters' Club in the Methodist Church.

Clifford Walk spoke on a "Munitions Limitation Plan," and Earl Whitaker urged national preparedness as "National Defense."

Donald Sevier touched on another problem disturbing national peace today, "Labor Strikes and Their Settlement."

Member critic was Jake Buhler; official critic, Virgil Anderson of Stanford. Chairman was Donald Bogie.

SHELL OFFERS FANS FEATHERS

"Stick a feather in your hat when you go to a football game—a feather displaying the colors and insignia of your favorite team," is the invitation extended to all football fans by Shell Oil Company.

A "feather in your hat" is offered free at Shell service stations in cities where all collegiate games are being played this year. The nifty little decoration is the biggest novelty of the football season, something absolutely new and original. The feather sticks into the hatband just like the feather worn by a Tyrolean mountain climber and makes the wearer want to yodel every time a forward pass is made or a touchdown scored.

Shell is concocting the feathers of fine quality cardboard that will last an entire season and they are being printed in the colors and block initials of 42 different colleges, including all members of the Pacific Coast Conference, Far Western Conference,, Pacific Northwest Conference and Southern California Conference, as well as leading "Independents."

Twenty prisoners were electrocuted for capital crimes in North Carolina in 1934, the largest number for any year in the state's history.

Mrs. Talbot Denies 'Stealing' Pilot's Love

Complete denial of charges of Stephanie Brooke, wife of Walter Brooke, airplane pilot, that Marjorie Talbot, millionaire Hillsborough sportsman's divorcing wife, "destroyed" Brooke's "affection, fellowship and love" for his wife, were on file today in superior court.

Mrs. Talbot's denial is in the form of a demurrer to the complaint of Mrs. Brooke who asks $25,000 for alienation of her husband's affection.

Scouts Seeking Volunteer Aides For Leadership

With many boys awaiting in signments to Boy Scout troops in San Mateo county, the county leadership training committee, composed of Homer Martin, Charles Morris, Roy Pryor, dean of the Menlo School for Boys; John Gill, superintendent of the Redwood City schools; Dr. Arthur H. Nobbs and Victor Morgan, have sent out the call for volunteer leadership.

For the purpose of training new leaders in scouting, cubbing and Sea Scouting work, a leaders' training course will be conducted at the St. Paul's Guild Hall, Burlingame. The first session will be held at 7:30 p.m. on Monday, October 28, and will continue Thursday, October 31; Friday, November 1; Monday, November 4, and Wednesday, November 6. Five courses will be given simultaneously.

MENLO PARK NEWS

The card party given by the Native Sons and Native Daughters of the Golden West was a great success and the committees in charge wish to thank the people who attended the party, which was a benefit for the Homeless Children's fund.

With Ethel Pontius, president of the eighth district American Legion Auxiliary, acting as installing officer, the following were installed as officers for the Menlo Park American Legion Auxiliary Unit No. 443: Isabelle Lindquist, junior past president; Dora Scott Devol, president; Ethel French, first vice president; Jeanette O'Neil, second vice president; Ruth Syverson, historian; Genevieve Cook, chaplain; Elizabeth Lyon, secretary-treasurer, and Mary Cleary, sergeant-at-arms.

The San Mateo county drill team, assisted by Florence Donelly, first vice president of district eight, who acted as sergeant-at-arms, acted as installing team.

The retiring president, Isabelle Lindquist, was presented with a past president's pin and a gift. Mrs. Devol was presented with a bouquet by the president of Allan Nichols Post, Veterans of Foreign Wars Auxiliary of Palo Alto. Mrs. Devol has recently been elected chaplain of the Palo Alto V. F. W. auxiliary.

The local Townsend Club will hold a whist party in Central School auditorium Tuesday night. Score cards will sell for 25 cents.

Possibility that Menlo Park citizens may institute an arrangement with the Palo Alto Hospital similar to that by which Palo Alto residents enjoy a $2.50 a day reduction was brought before the Menlo Park City Council Tuesday.

Mark J. Loughlin of Menlo Park submitted the plan. Under its terms the difference between the special rates and the customary rates would be paid out of city funds.

Loughlin presented records which showed that during the year ending June 30 a total of 153 Menlo Park patients were treated at the hospital, their average stay being six days. Had the plan been in effect, Loughlin pointed out, the aggregate personal saving to the patients and the cost to the City of Menlo Park would have been $2,295.

Loughlin's proposal met with no immediate action.

Aside from the hospitalization issue, the council conducted a placid meeting. City Attorney James T. O'Keefe Jr was authorized to draw up a resolution providing for the part time employment of a city engineer. The city has $3,050 on hand for street work.

The council foreswore any possibility of sitting through long and chilly business sessions this winter by providing for a heater to cost $232.

Valley Prune Growers Seeking Federal Aid

SAN JOSE, Oct. 7.—Santa Clara valley prune growers and packers are in Washington today seeking financial aid from the farm administration.

Harry C. Dunlap, president of the California Prune and Apricot Growers' Association said that a complete plan for federal aid to the prune industry had been submitted to the general crops section of the AAA and that the "outlook seems encouraging."

The prune association hopes to encourage domestic consumption by diverting surpluses into new channels of trade.

A petition signed by a number of persons in a circular form is called a "round robin."
